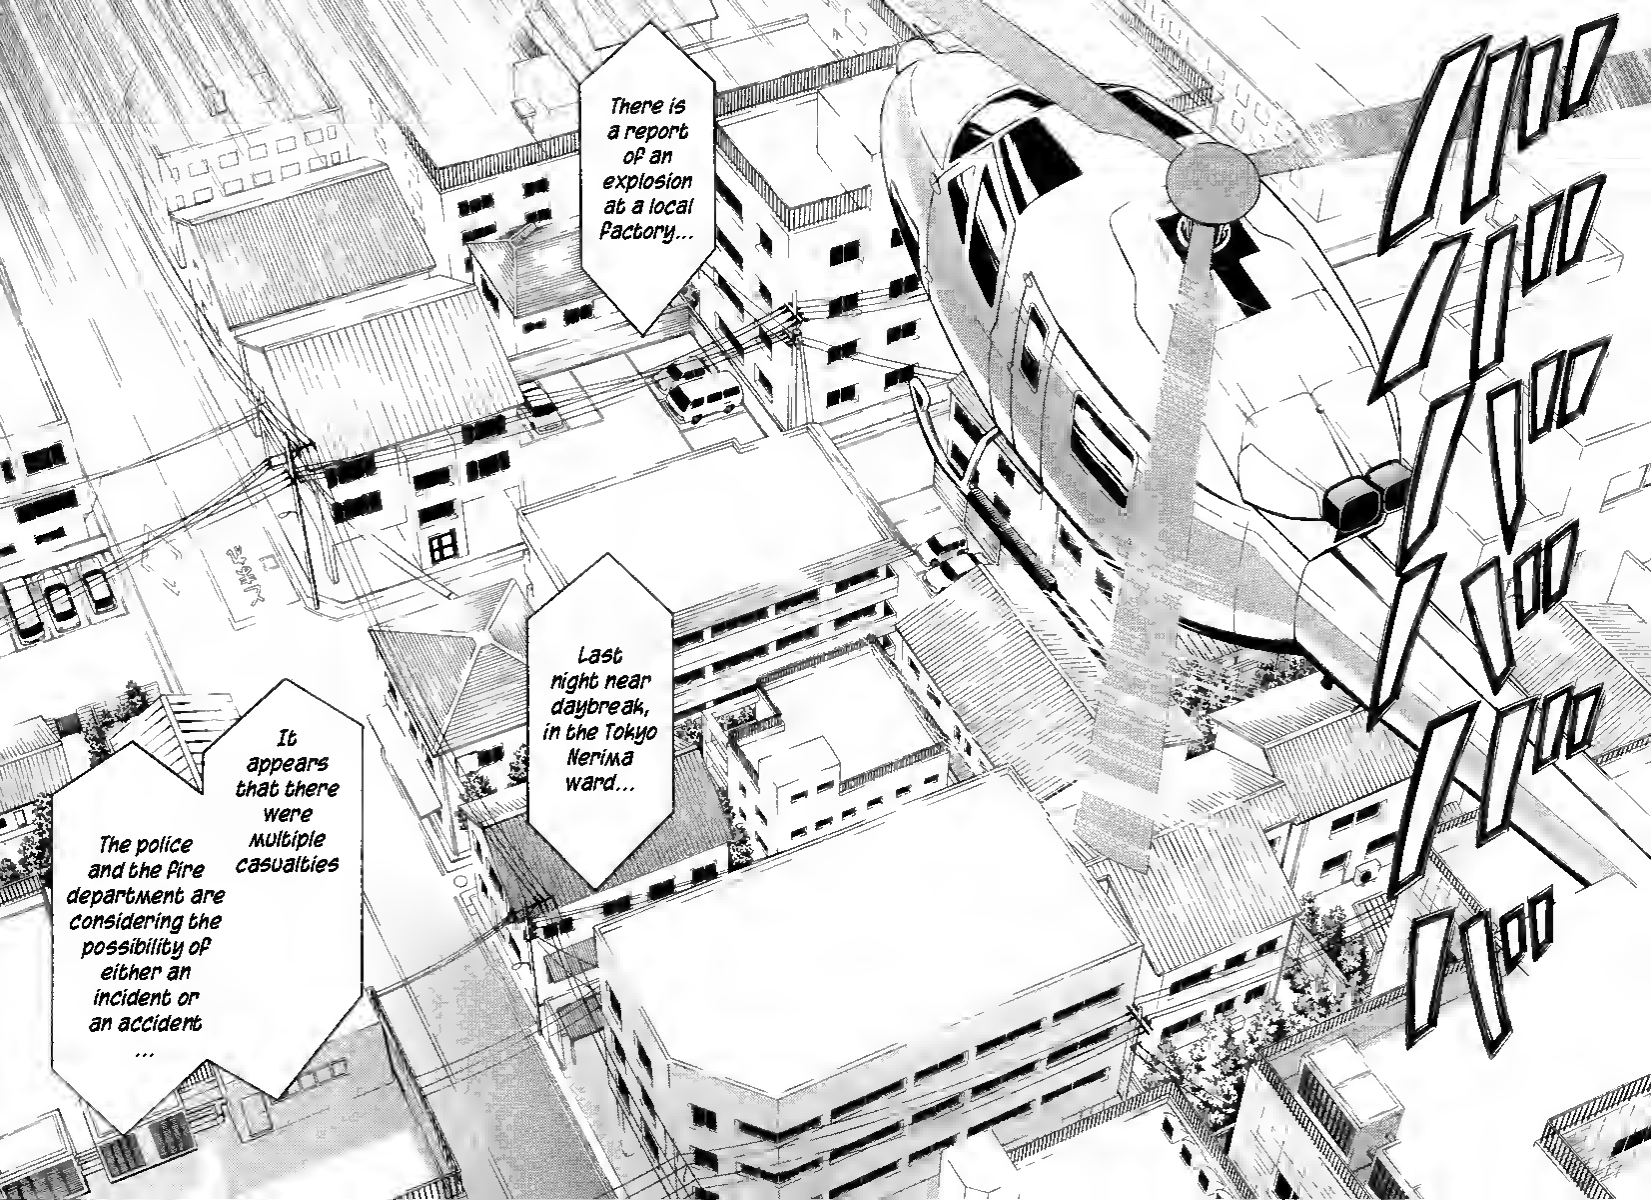
Chapter 56 Prayer <I>



There is a report of an explosion at a local factory...
Last night near daybreak, in the Tokyo Nerima ward...
It appears that there were multiple casualties
The police and the fire department are considering the possibility of either an incident or an accident ...

I didn't even get the chance to ask if something happened last night
Ei-kun fell asleep as soon as he came in

Itsuki too seems tired and ended up falling asleep
But I, as usual
Can't sleep after a job

Speaking of that, Itsuki

■ Erinyes the goddesses of vengeance
Greek mythology

As Cronus's blood drenched Gaia the Earth Erinyes
the three goddesses of vengeance were born
Their respective names mean "unceasing" (Alecto)
"avenging murder" (Tisiphone) and "grudging" (Me
They are ugly of sight.
Their hair consists of numerous snakes the heads
black bat-like wings on their backs wearing black
dress as well
Zeus himself is unable to control them

Celestial Maiden!!

Said this when she came here the first time

That's nice

But I like the goddesses of vengeance Erinyes more

...

Heeeh ...

Let's see

What exactly are Erinyes

Chapter 57 Prayer <II>

Due to the effect of the explosion, many of her organs have suffered extensive damage
We've done all we could, but it's not clear if her body will hold out
The condition is critical
We performed an emergency surgery
She lost consciousness immediately after being brought in
The surgery has been completed, but her condition remains critical

As a suspect in the Shuueikai attack and homicide case, Makihara was being investigated by detectives Itou and Kodama
Makihara Ei's fingerprints have been found on an article abandoned at the scene
We believe that Makihara is involved in some form
This explosion occurred as they were tailing Makihara
A number of handguns have been discovered at the factory
We also believe that there's some kind of a connection to the Shuueikai attack case
Additionally, the factory owners, Iwashita husband and wife, are missing
The wife Misuzu went to their relatives in Chiba late last night
But the following morning she disappeared
There is high probability that one of those dead in the explosion is the husband
The remains haven't been identified yet

Iwashita Misuzu and Makihara Ei, as the likely suspects in this case
Must be detained as soon as possible
Because the cause of the explosion is still unknown
This is to be kept confidential

The signal from Makihara's cellular phone
Was cut off in this area
We will search in the area with the cooperation from that jurisdiction's police officers

Bu bu bu bu bu bu
Hello
Yes

I'll be there

The authorization to carry handguns is disturbing
Makihara Ei... 20 years old
So we need firearms

What do I do?

There's no way we can kill the child or Ei-kun for our own sake
Is there any choice but to end it now?

There are many kids who don't understand Japanese.

Their mothers are afraid of being deported.
They're all from poor families and will have nothing to eat if they go back to their home country.

There's a good chance they were involved in the explosion.
Also, the factory owners, the Iwashita couple, were apparently rather shady themselves.
They've collected large amounts in insurance money from their employees dying in accidents.

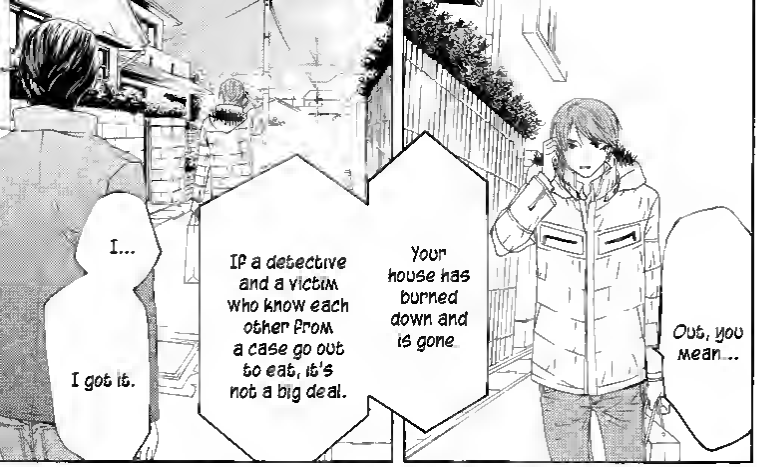
Scary.

Poor thing.
Yeah, but he's scary.
A walking jinx.
Hurry up and get out.

.....
Did he quit his job?

わしゃわしゃ
Haa,
This is getting tangled.
Inexplicable incidents one after another.
9 corpses connected with each other? Or is it 12?
5 from the Shuueikai, 2 from the con group,
One drug store employee,
Two shipping company workers who were cutting up a corpse. Err...
カリカリカリ
Ahhh, geez ..
Please hold on—
Eh, Kuzumi,
Change clothes and come back
I'll go out for a bit.

Shiki, what are you doing now?
Eh
I'm headed to my sister's hospital.
To visit her.
Any plans afterward?
None.
I see.
Alright then.
I'll call you again in two hours.
Let's meet and have a meal out or something.
Eh?



Out, you mean...
Your house has burned down and is gone
If a detective and a victim who know each other from a case go out to eat, it's not a big deal.
I got it.
I...

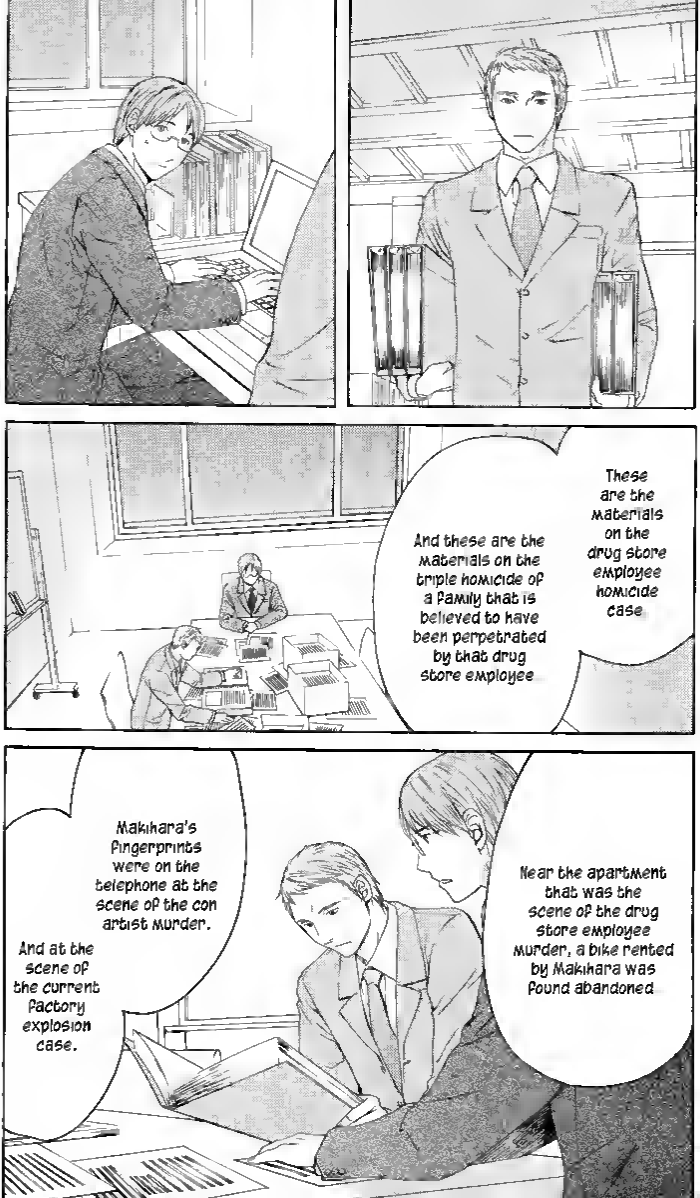
!
Umm, I'm the one who called about a donation.



These are the materials on the drug store employee homicide case.
And these are the materials on the triple homicide of a family that is believed to have been perpetrated by that drug store employee.
Near the apartment that was the scene of the drug store employee murder, a bike rented by Makihara was found abandoned.
Makihara's fingerprints were on the telephone at the scene of the con artist murder.
And at the scene of the current factory explosion case.

It's too rash to assume that he's the perpetrator.
I can't even begin to guess how Makihara was involved in all of them.
Makihara is the only common link between these cases.
Also,
Makihara was acquainted with a Shuuerkai yakuza.
There was a corpse of unknown origin in the office of the shipping company whose truck was parked next to the factory.
Yes.
The factory owner was also abusing his daughter
Yes.
There's another connection besides Makihara here.
Eh?
The victims were all criminals.

Wah,
I'm sorry.
Wah
I was startled.
I was told this is room No. 503.
Well,
I'm sorry, I got the wrong room.
Umm?
Who are you?

There's a nameplate at the entrance.
I think you can tell if you look
Yeah, I'm sorry.
Thank you very much.
...
?
Eh?
Pardon me for prying, but have you been here long?
Yes.
Ahhh...
.....
Are you here to visit a family member?
I thought this was a prolonged stay...

Yes, they've been diagnosed with cancer
I see. It must be hard for you.
Please support them kindly.
My brother is also doing a lot for me.
At first I felt depressed from shock.
But thanks to my brother I decided to do my best.
Thank you very much.
Sorry about the intrusion.
No problem.
Ah
Here.
I'll give it to you as an apology.
Eh?

Good-bye.
I can just buy another one.
But..

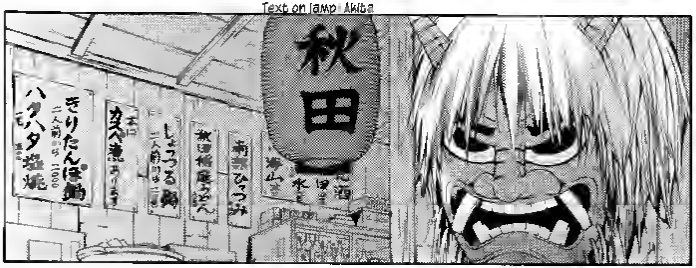
Text on lamp: Akita



Do you wish we got hata hata nabe instead?
No.
I don't.
I'll eat this.

Kuzumi probably still wants to kill him.
If he asks about Ei-kun, what do I say?

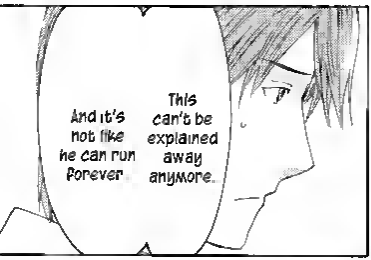
Akita?
Yeah.
!
Hometown taste.
My grandmother often made this nabe
I haven't eaten it since she passed away.
But I've been getting the urge to eat it now and then after moving to Tokyo.
Heeeh..
Akita.. A lot of snow, right?
There was a lot in my hometown.
Every winter everything would be white with snow.

There wasn't a sound.
The quiet days would continue with not a single thing moving.
Snow days were quiet.
...
A winter like that?
No
I've never even gone to such a place...
Have you experienced

When you're two or three years old, if a man dressed like that barges into your house and threatens you to never do any bad things
I see..
It's not like they have that everywhere in Akita.
Were the Namahage scary?
I'm sure you'd cry.
Shut up
So you cried.
I'm sorry, I just imagined it..
Don't laugh.
Ha ha ha
Ha ha
Even you would cry for sure.

About Makihara.
At this moment, the police are unable to arrest him as a suspect.
They're simply searching for him as someone who surely has some crucial information.
Until they learn the cause of the factory explosion and the deaths of the victims.

He bought three packs of pudding and headed to the scene of his own will.
There he left the pudding.
Even the police don't think he's the perpetrator
But, how do you explain all this?
It's hard to claim that he had such a good relationship with the Iwashita couple that he was going to spend the New Year with them
Then there's also the Shuueikai case.



It's strange how wherever that guy goes, people die
This can't be explained away anymore.
And it's not like he can run forever

Because of him, all sorts of things
Have gotten very annoying.

I like it when things are all white and quiet.
